Coronavirus - SFCC Update 17.30 on 20th March 2020

The pace at which things are moving is quite frightening, and SFCC needs to accept Government directives regarding closure of bars. This order has today now been delivered to the UK.

I have therefore taken the decision to close SFCC Bar today, 17.30 on Friday 20th March, until such times as restrictions are relaxed. We will obviously continue to monitor the full situation.

I apologise to all members for any inconvenience, and also thank our staff who are supporting this decision.

Unless the government intervene further members will still have access to the club as normal, to get to their dinghies and engines etc. and we shall continue to clean and sanitise it regularly.

It is now mandatory that anyone entering the building Washes their Hands and it is vital that if anyone becomes infected or is in contact with anyone who is infected that they inform the club immediately either by:

Email: info@starcross-fcc.com

Ringing me : 07802854982

Please check the website and our Facebook pages for the latest updates.

Thank you for your co-operation.

Peter Harris
Commodore

17.30 Friday 20th March 2020
